MULTI ORGASM DILDO

**New
collection**

CONNECT WITH YOUR DESIRES

An iconic object revisited, the **Multi Orgasm Dildo** embodies a new generation of pleasure: more precise, more intense, more conscious.

Its **semi-realistic design** suggests the body without imposing it, leaving room for imagination and the projection of sensations.

Designed for free bodies, power play, and explorations beyond norms, it transforms pleasure into an intimate and deeply sensory experience.

Equipped with **3 independent motors** and an **intuitive remote control**, it offers complete mastery over sensations. Take control. Surrender it. Play with rhythm, intensity, and the build-up of pleasure, fully aware.

Perfectly **compatible with the Desirous harness**, they form a **precise and powerful duo**, allowing you to explore connection and **shared pleasure** with fluidity and finesse.

Suddenly, everything becomes possible. A simple gesture is enough to guide the pleasure of another or your own and open up a world of multi-sensory experiences, **solo or together**.

The Multi Orgasm Dildo awakens curiosity and invites a **deep connection** to the body. It does not aim to impress, but to make you feel more. Differently. And fully.
